

NODE RED SERVICE

Assignment Date	08 November 2022
Student Name	Murugadharshini P
Student Roll Number	710019106031
Team ID	PNT2022TMID42239

STEP1:

STEP2:

STEP3:

The screenshot shows the IBM Cloud console for the application 'Node RED TDPEQ 2022-11-07'. The interface includes a top navigation bar with the IBM Cloud logo, a search bar, and user information. The main content area is divided into several sections:

- Details:** A section with input fields for various details, currently empty.
- Services:** A section showing the 'Cloudant' service. It includes links for 'Open dashboard', 'Documentation', and 'API reference', along with a 'Credentials' dropdown. There are buttons for 'Connect existing services' and 'Create service'.
- Deployment Automation:** A section showing the 'Name' as 'NodeREDTDPEQ2022-11-07', 'Location' as 'London', and 'Tool integrations' as 'Jenkins'. It also lists 'Delivery Pipelines' with 'Name' as 'j2-pipeline' and 'Status' as 'No stages detected'.
- Getting started quickly:** A guide with five steps for configuring the app, connecting services, and deploying it.

STEP4:

The screenshot shows the IBM Cloud console for the application 'Node RED TDPEQ 2022-11-07' in the 'Overview' tab. The interface includes a top navigation bar and a left sidebar with navigation options. The main content area displays the following information:

- Health:** A section showing '100%' health status with the text '1/1 instance(s) are running'.
- Instances:** A section showing '3' instances.
- Runtime:** A section showing 'Node.js' with a donut chart indicating '256' total MB allocated. It also shows '3.75 GB still available' and a 'Free' status.
- Runtime cost:** A section showing 'Current and estimated cost excludes connected services'. It displays '\$0.00' for 'Current charges for billing period' and '\$0.00' for 'Estimated total for billing period Nov 1, 2022 - Nov 30, 2022'.
- Connections:** A section showing a single connection: 'node-red-tpeq-2022-cloudant-160764593240-35888'.

STEP5:
